THE RHODODENDRON, CAMELLIA & MAGNOLIA GROUP

CENTENARY FUND

Helping to preserve our rhododendron, camellia and magnolia heritage for another century!

Registered Charity Number 1161254

For the last few years the Rhododendron, Camellia & Magnolia Group has been actively supporting the conservation of threatened species and hybrids. Over a longer period we have established four successful collections of rhododendrons and one of magnolias, all open to the public for education and enjoyment.

Starting with our initiative to help Bodnant safeguard some of its important hybrids through the funding of a programme of micropropagation, we have now been involved in the rescue and re-establishment of a large number of rhododendrons which otherwise could have disappeared.

Building on the success of the Centenary Appeal in 2016, we want to continue to develop and expand this important work, and start new planted collections.

That is why we are asking you to support this Centenary Fund and, being a charity, we can make our funds go further through Gift Aid.

All donations will be ring-fenced for the purposes of conservation and to develop the Group's Collections.

Please support this project – it could make a hundred years' difference!
